

## Ohio Revised Code Section 4733.13 Examinations.

Effective: June 3, 2014

Legislation: House Bill 202 - 130th General Assembly

---

(A) When examinations are required as provided by section 4733.11 of the Revised Code, they shall be held at a time and place specified by the state board of registration for professional engineers and surveyors. The examinations shall test the applicant's knowledge to perform professional engineering or surveying services which shall insure the safety of life, health, and property. An examination referred to as the fundamentals of engineering or as the fundamentals of surveying examination shall test the applicant's knowledge of the fundamentals of engineering or surveying as appropriate.

(B) An examination referred to as the principles and practice of engineering examination shall test the applicant's knowledge of the branch of engineering in which the applicant specializes. For the purpose of this section, the branches of engineering are all those branches in which engineering examinations are offered by the board or the national council of examiners for engineering and surveying.

(C) A principles and practice of surveying examination shall test the applicant's knowledge of surveying and the laws and practices applicable to the state of Ohio.

(D) An applicant failing an examination may apply for re-examination. The fee for each re-examination shall be the same as the regular examination fee.
